1. INITIAL SETUP

The Incident Manager pulls live information from the RASSF portal on food incidents in the world straight into Foods Connected so you can use the Incident Manager. There is some initial setup before you can use the Incident Manager.

1.1 SETUP THE SOURCES

The sources are the outlets or places where you have received information regarding an incident. It's used to tag the incident.

Step 1: On the Incident Manager, select *Admin*

Incident Manager

	<input type="checkbox"/> Customer	Edit
	<input type="checkbox"/> Supplier	Edit
	<input type="checkbox"/> Professional Body	Edit
	<input type="checkbox"/> Google Alerts	Edit

Step 2: Now edit the name, once done select the blue save button

The screenshot shows the 'Incident Manager' interface with the 'Sources' tab active. A table lists sources: 'Source Name', 'BBC News', 'Fera', and 'Twitter'. The 'BBC News' row is selected, and a blue save button is highlighted with a red box.

1.3 DELETE SOURCE

Step 1: Select the source to delete by ticking the box, then select *Delete Selected Sources*

The screenshot shows the 'Incident Manager' interface with the 'Sources' tab active. The 'BBC News' source is selected with a checkbox. The 'Delete Selected Sources' button is highlighted with a red box.

2. CREATE INCIDENT FORMS – SUPPLIER & CUSTOMER CONFIRMATIONS

The incident forms are the forms that the supplier or customer will fill in depending on the status of the ingredient that has been affected. There is 6 forms, 3 for suppliers & 3 for you the customer. The *Affected* form is activated if the Suppliers ingredient does come from an affected source. The *Unaffected* form is activated if the Suppliers ingredient does not come from an affected source. And the *Pending Investigation* form is activated if the Suppliers ingredient is under investigation to determine the source and if it has been affected in any way. The same goes for the Customer forms these are used to inform you the customer when you close out your investigation of the various outcomes of the ingredients.

Step 1: In the Admin section select *Incident Forms* on the left

Incident Manager

4. RASFF NOTIFICATIONS

Foods Connected has a live feed from the RASFF portal giving you details of incidents in the world. From here you can create an incident for your own business and supply to share with your suppliers to see if they have been affected by the supply. From this RASFF tab you can view details of the incidents & create an incident for your own business from these.

4.1 VIEW RASFF NOTIFICATIONS

Step 1: Select the button beside the notification and select *View Details*

Incident Manager
